

SCHOOL TEACHERS BEGIN WORK TODAY

Annual Convention of Utah Association to be Held in Assembly Hall.

SCHURMAN MAIN SPEAKER.

This Evening and Tomorrow Morning He Will Present Subjects of Interest Before Gathering.

Prest. Schurman's Dates: Tonight, Assembly hall, 8 o'clock, "Age of Reform." Tuesday morning, Assembly hall, 10 o'clock, "Educational Changes and Progress." Official headquarters, Deseret News Annex, ground floor.

PREST. GEORGE THOMAS.

With the most comprehensive program in the organization's history, the State Teachers' association of Utah convenes in the Assembly hall this afternoon for its fifteenth annual convention. The fact that President J. G. Schurman of Cornell university is here to deliver the principal addresses has acted as a stimulus in all parts of the state and the teachers are here in greater numbers than ever before.

Most of the leading hotels carry today capacity crowds, and this rule will prevail until the teachers disperse Wednesday evening to be at their homes for Christmas.

Department meetings this year too will be better planned than at previous conventions, and these are expected to be of intense interest to all who are working in the various branches to be taken up.

The convention will adjourn Wednesday afternoon. Its program will consist of five general sessions, and 14 department sessions. On Tuesday evening at 9:30 p. m. a reception will be tendered visiting teachers at the Odell hall, and this will be the only social function of the convention. This afternoon and this evening will be devoted to general sessions and tomorrow afternoon the department meetings will begin.

left her husband and children on Dec. 2. The inference is that she went away. It is said the husband still loves his wife and wants her to return to him and care for their children. She is described as being 32 years of age, height 5 feet 5½ inches, blue eyes and chestnut brown hair. She was well supplied with money and is very fond of amusements. Mrs. Stone wears considerable jewelry, among others, a scar-shaped diamond brooch, a watch set with diamonds, two bracelets, one plain gold and the other opal links; wears diamond and ruby ring; large turquoise, and a small amethyst on little finger of right hand.

Martin is described as being 30 years of age, weighs 145 pounds, height 5 feet 7½ inches, slender build, smooth face, brown eyes and black hair. During the Spanish-American war, Emory Martin joined the army at Connellsville, Pa., enlisting in the Forty-first regiment, Company B, and did service in the Philippine Islands.

ARRIVED AT QUEENSTOWN.

A telegram received at the office of the First Presidency from the Dominion Steamship company this morning announces the arrival at Queenstown Saturday afternoon of the steamship Canada. The vessel reached Liverpool Sunday morning. On board were the following: Andrew Monson and W. S. Campbell of Salt Lake City; James C. Peters, Boulder, Utah; Edgar Wright and John H. Hill, Logan; Isaac Reed, Jr., Smithfield; William E. Galley, George L. Blumires and J. B. Flint, of Kayville; Matthew Shaw, Wellsville; Doyl Jensen, Basalt, Idaho; R. W. Brown, Grantsville; John H. Eccles and H. H. Sallsbury, Baker City, Oregon; A. H. Hatch, Blackfoot, Idaho; Anno Monson, Whitney, Idaho; Albert Powell, Raymond, Canada; William Duce, Cardston, Canada; Thomas P. Page, West Jordan, and other Utah and Idaho passengers.

BOYS IN MAJORITY.

During the cold weather of the past week the stork has been the busiest bird in the state, and has made 46 visits to Salt Lake homes, out of which 29 of the visits were made on account of little boys, and the remaining 29 visits were because the new arrivals were little girls. This is the first time in many months that boys have outnumbered girls for the stork. The reverse has been the case generally.

The foregoing information is contained in the weekly report of the city health department, which shows that during the week there were 18 deaths, equally divided as to sex. The report also contains the information that during the week there were reported 71 cases of contagion, of which 27 were smallpox and 21 scarlet fever; 25 houses are still under quarantine.

HIS FOOT FROZEN.

Jack Crawford May Lose Member as Result of Long Walk.

His right foot frozen so that the shoe had to be cut off in strips, Jack Crawford, a steam fitter, aged about 30 years, made his way to police headquarters this morning and begged for assistance. Jailor Ripley soon discovered that Crawford's foot was frozen and lost no time in calling Dr. Steele. The latter dressed the foot and sent Crawford to the Holy Cross hospital. There is danger that the frozen member will have to be amputated, but there is hope of avoiding an operation. Young Crawford stated that he started to walk from Murray Saturday night. He said that he suffered intensely from the cold and that his right foot pained him considerably but after hearing the city foot became numb and he thought no more about it. He did not realize, he said, that his foot was frozen. Yesterday blisters began to appear and last night and this morning he suffered great pain. He then realized that the foot was frozen and he made his way to police headquarters.

He was taken to the emergency hospital and treated there, after which he was sent to the Holy Cross.
